LETTER OF RECOMMENDATION

I highly recommend **Ms. R Shambhavi Pillai** as a candidate for your study program. Shambhavi was a Bachelor of Computer Application student at KLES's P C Jabin Science College, Hubballi. As part of her degree requirements, she followed my course on Fundamentals of Computer Application, Mathematical Thinking and Logical Reasoning and Computer Networks.

Shambhavi was a quick learner and did not hesitate to expand her knowledge. I am very grateful to have had a student in my class as smart and attentive as Shambhavi. She has consistently shown deep commitment and strong interest to learn.

Also as the Professor of the institute, I was particularly impressed that Shambhavi managed to handle the pressure of her many courses while simultaneously keeping up her extra-curricular activities. I have had the experience of working with her on various college events. She was excellent with Photoshop; she quickly displayed her designing abilities in her first year and continued delivering us great designs throughout the years.

Shambhavi was involved in various inter-college and in-house events. In class, she very quickly became a competent programmer and was never hesitant to support and help her fellow students. Due to these qualities, she had become our candidate of choice to represent our college at events. In her final year at an in-house event, she won many awards. These achievements reflected on her job placements as well, she was able to grab multiple job opportunities before she departed our institute.

Based on her performance, I have no hesitation in recommending Shambhavi for your study program. Shambhavi would be an asset to any institute and I highly recommend her for any endeavor she chooses to pursue.

Prof. Siddalingappa Kadakol

Assistant Professor & TPO,

KLES P C Jabin Science College, Hubballi.
